Dallas, TX | stevenlivingston@uchicago.edu | +1 (469)-300-6200 | 5txvn.github.io

EDUCATION

The University of Chicago
BS in Computational & Applied Mathematics, BA in Economics
School of Science and Engineering
High School Diploma
GPA: 3.99/4.00 (Unweighted), 99.68/100 (Cumulative)
Honors: Valedictorian, National Merit Scholar Semifinalist

Chicago, IL
Expected June 2030
Dallas, TX
May 2026

EXPERIENCE

Unified Power **Terrell, TX**
IT Intern July 2024 - August 2024

- Designed a fully automated work-order processing pipeline using Node.js, Puppeteer, and NetSuite API to streamline workflows for Fortune 500 clients, saving ~\$22,000 annually
- Collaborated with cross-functional teams to identify 4 additional process automation opportunities

Gateway Church **Dallas, TX**
Live Production Volunteer September 2022 - Present

- Operate and coordinate computer graphics, lighting, video, and camera systems for live services with ~1000 in-person attendees plus an online audience

Independent Math Tutoring Business **Dallas, TX**
Founder September 2023 - Present

- Tutor ~10 students in mathematics & physics; qualified 5 for Texas-wide (TMSCA) math competition, trained 2 state champions, and helped students collectively advance 8 grade levels of mathematics

PROJECTS

Dynamic Embedding Model for Strings **Richardson, TX**
University of Texas at Dallas Independent Research Project June 2025 - August 2025

- Rebuilt Google's Word2Vec embedding model; outperformed it by avg. ~0.7% on Spearman similarity and analogy tasks using statistically based piecewise weighting algorithm & log-power window scaling
- Built companion web platform incorporating semantic search, keyword extraction, etc. with Flask
- Presented findings to computer science faculty & won research competition among ~30 teams

LEADERSHIP & ACTIVITIES

University Interscholastic League (UIL) Spelling **Dallas, TX**
Team Founder, Coach, & Web Developer September 2024 - May 2026

- Founded school's first-ever competitive spelling team and led it to a state championship (2026)
- Developed SpellingTree, a full-stack 25,000+ line web app used by 200+ Texans for competitive spelling

UIL & Texas Math/Science Coaches Association (TMSCA) STEM Competitions **Dallas, TX**
Number Sense, Calculator, Mathematics, and Science Captain September 2023 - May 2026

- Led 4 separate teams to 21 Texas state championships and oversaw recruitment & training strategy
- Set two all-time UIL scoring records for Mathematics (1048) and Calculator Applications (963)

SELECTED HONORS & ACHIEVEMENTS

- TMSCA/UIL** - 14-time individual state champion; 12 additional top-3 finishes; 4-time top gun winner
- International Logic Olympiad** - Gold Scholar (Top 5% Individual Globally); Top-3 international team
- International Public Policy Forum** - Top 16 globally (~300 teams)
- 2x AIME Qualifier** - Top 15% of American Mathematics Competition participants

SKILLS

Languages: Spanish advanced conversational proficiency, Portuguese basic conversational proficiency
Technology: Proficient in HTML, CSS, JavaScript, Node.js, Tailwind, jQuery, MongoDB, Python, Java
Interests: Music production, Videography/Photography, Cubing, Linguistics, Poker
