

Steven Livingston

Summary

Valedictorian at a top-ranked U.S. high school. Demonstrated a strong measurable track record in academics, business, extracurriculars, and community service. 99.68/100 Cumulative GPA. Perfect scores on 15 AP exams. Won UT Dallas AI research competition with mathematics innovations. Brought approx. \$22,000 in annual savings at Unified Power. Excelling individually in academic competitions and guiding six school clubs to sustained competitive success. Enhancing my community through church volunteering and tutoring competitive math champions. Passionate about mathematics, computer science, and their practical applications in diverse fields, from economics to linguistics and beyond.

Honors

- 13-time University Interscholastic League (UIL) & Texas Math and Science Coaches Association (TMSCA) State Champion (includes 2 all-time records)
- International Logic Olympiad Gold Scholar (top 5%) & Top 3 Team (3500+ participants)
- International Youth Neuroscience Association Ideathon Winner (200+ teams)
- International Public Policy Forum Top 16 Team (top 5%)

Professional Experience

UT Dallas Deep-Dive AI Research Workshop Jun 2025 – Aug 2025

- Won research competition among 25+ teams by independently developing a novel word embedding model using statistically-based piecewise weighing and log-power window scaling; Beat Google's Word2Vec by 0.7 percentage points on common benchmarks

Unified Power IT Intern Jul 2024 – Aug 2024

- Designed & implemented automation solutions for S&P 500 customers saving estimated \$22,000 annually
- Developed custom Node.js scripts for individual employees to streamline repetitive tasks beyond initial project scope; Received recognition from CEO for impact

Private Mathematics & Science Tutor Sept 2023 – Present

- Trained 2 TMSCA State Champions; enabled 2 students to accelerate 3 cumulative math grade levels
- Created custom resources for students (competition formula sheets, practice problem sets, etc.)

Gateway Church Live Production Volunteer Sept 2022 – Present

- Serve multiple times weekly in diverse capacities (computer graphics director, lighting director, video director, camera operator, shader) to ensure smooth and engaging experience for congregation of over 1000

School of Science and Engineering Student Ambassador Sept 2022 – Present

- Lead bilingual campus tours (English/Spanish) for prospective families & present school programs at events
- Co-founded "The Cheat Code" freshman mentorship program with school counselor
- Support outreach efforts through recruitment visits to multiple Dallas middle schools

Leadership and Extracurriculars

UIL/TMSCA Math Clubs (3) | Leader 9th–12th Aug 2022 – Present

- Led team to 16 total state championships across UIL and TMSCA; 13-time individual state champion
- Created Carry the One project documenting tens of Number Sense tricks; proofread *Advanced Number Sense Vol. 3* by Anthony Gillespy, (most popular guide book)
- Engineered 10+ custom TI-84 programs for rapid calculations during testing
- Developed custom problem sets targeting specific competition topics (statistics, geometry, calculus)

UIL Spelling & Vocabulary Club | Founder/Leader 11th–12th

Aug 2024 – Present

- Founded school spelling team and led it to 2nd place at the UIL State Championship in the same year; Contributed to the creation of 7 additional non-STEM UIL teams, increasing school's competition footprint by over 100%
- Developed Spelling Tree, the first free UIL spelling practice application used by 200 across Texas; Promoted app w/Instagram marketing and merch
- Organized two 8-hour spellathons during breaks; structured collaborative weekly practice sessions

UIL/TMSCA Science Club | Leader 12th

Aug 2023 – Present

- Designed curriculum spanning chemistry, biology, and physics, guiding program to first-ever UIL state win
- Coded Know Ur Schist, a UIL Science practice site used by 80 competitors that includes flashcards, game-based practice, AI-powered formula practice, and over 7000 vocabulary-tagged past exam questions
- Developed comprehensive team resources (formula sheets and annotated reference materials)

General Mathematics Club | Leader 12th

Aug 2023 – Present

- Contributed to school's first recent Calculus Bowl tournament win; Conducted team training sessions via Discord
- Structured American Mathematics Competitions test walkthroughs, analyzing problem solution strategies; Individually qualified for the American Invitational Mathematics Examination (top 10% across U.S.) twice
